lmotorola msp_pro_7000/usb_vcom_port_driver_for_samsung_gt_e2152_download_fix.zip.exe.m4vl. Hey guys, I found a little USB driver for an samsung sgs2 for windows 7 and windows 8.5 and this driver support up to windows 10 too. Installation of Samsung USB VCOM Port Driver v3.8.5.5 (Windows 7/XP/Vista).Q: How to fetch data from MySql database in a jsp page without downloading the whole page I have a jsp page with a button. I have some operations done when clicking that button. So i don't want the whole page to be fetched when that button is clicked. Only the data that has to be updated is to be displayed. Is there a way in JSP to do this. Please help. Thank you in advance. A: Yes, use AJAX. Here's an example on how to do it in jQuery, but a simple server-side solution is probably best: ASP.NET Example code behind: using System; using System.Collections.Generic; using System.Linq; using System.Web; using System.Web.UI; using System.Web.UI.WebControls; namespace WebApplication1 { public partial class WebForm1 : System.Web.UI.Page { 2d92ce491b
